**QUESTIONS AND ANSWERS**

(Site Visit held on 08/02/2013)

**Q1. Based on the Greek Law a City permit is required. Who is responsible for the issuance and the cost related for it?**

A1. The contractor is entirely responsible for issuing any kind of permits required for completing this project.

**Q2. Based on the Greek Law, IKA file must be opened for the project. Who is responsible for this cost and the opening of this file? Is the contractor obligated to the above cost as of Greek law?**

A2. The contractor shall be given authorizations to act on behalf of the US Embassy regarding official local procedures and is responsible to include all additional costs in his quotation.

**Q3. In which sectors is scaffolding allowed?**

A3. Scaffolding is allowed in all sectors after being cleared with the COR besides the perimeter fence.

**Q4. Can equivalent spec paints be used for the project?**

A4. Only specified paint is to be used at this project.

**Q5. Will the contractor provide a certified engineer (Technical Chamber of Greece member) on site for the supervision of the project?**

A5. The contractor will provide all necessary personnel for the safe and efficient completion of the project.

**Q6. Will the contractor have extra time for the issuance of the necessary permits?**

A6. The contractor shall be given reasonable time for the issuance of permits when required.
